They should strive to maintain a consistent high standard of quality, level of technique and skill, and the presence of personal style and original artistic vision.

- Artists are required to pay annual dues of \$250 (\$50 for Junior Artists) to continue their membership for the fiscal year. You may not participate in exhibitions or events until dues are paid.
- If an artist does not pay dues after one year they will need to reapply to rejoin AAN.
- Junior Artist Members who age out of the category will need to reapply.

- All artwork submissions will be done digitally one week prior to the scheduled drop-off date and will include the name of the exhibition in the subject line, title of art, medium, size (W x H x D) and price in addition to a hi-res photograph labeled the name of the art. At this time, the submission will be e-mailed to gallery@nantucketarts.org
- Artists are responsible for picking up and dropping off their works for exhibitions and events on time. ***There will be no shipping of artwork to AAN galleries.*** Refer to the drop off / pick up schedule as no early drop off will be accepted. If you are unable to meet these dates, please ask a fellow artist, friend or caretaker to drop off/pick up your artwork. - Artists are requested to submit new work whenever possible.

- There will be no carry over of unsold work from one exhibition to the next.

GALLERY LOCATIONS AND GUIDELINES FOR SUBMISSION

AAN offers a variety of exhibitions throughout the year, providing our artists numerous opportunities to display their works.

AAN Gallery Locations

- Cecelia Joyce and Seward Johnson Gallery, 8 Federal Street
- The Champion Gallery, Visual Arts Center, 24 Amelia Drive
- Our Online Gallery, webpages showcasing your work at nantucketarts.org/art

What Is Exhibition Ready Art

- Works must be priced for sale.
- Works must be suitably framed/to a professional standard. Coated wire preferred.
- Framed works require a taut hanging wire that won't show above the frame when hung.
- Framed works on paper need to be on sturdy paper, have strong backing or matting, and be framed under glass or plexiglass.
- Unframed canvases must be "gallery wrap" 1.5" or 2" deep with clean or painted sides.

Unacceptable presentations:

- Works that are not dry are not accepted to hang.
- Frames with stand-up feet are not accepted to hang.
- Sawtooth hangers are now discouraged, except in unique framing circumstances (i.e. very small works, 3D hanging works...).
- Unframed works on paper may be exhibited in our Portfolio bins ***See the Portfolio Submission Requirements*

Submitting Your Artwork

- New for 2026, your art submissions with images will be submitted digitally one week prior to each exhibition. Please refer to the exhibition schedules in the Guide for dates.
- Drop off, pick up, and hanging will all be on Wednesdays unless otherwise noted.
- At drop off, the gallery will have a master list of submitted artwork and will provide the back tag for your art.
- You will sign in and sign out your art.
- You may still submit online-only artworks. They will be associated with an in-gallery exhibition of your choosing and must be available for the duration of that exhibition.
- When submitting artwork, please include the name of the exhibition in the subject line so your art is linked to the correct exhibition.

Making Digital Submissions

- You must photograph each piece of artwork and submit the hi-res image with your digital submission via email to gallery@nantucketarts.org. The image should be titled the name of the art so there is no confusion. This will allow your works to be purchased online as well as in-person. ***See our Tips for Photographing page.*

- Information required: Name of Exhibition in Subject Line, Artist name (preferred usage), Title, Medium, Price, Framed or Unframed, and Description Details (i.e. oil and collage on cradled board, 1.5" deep, unframed, white sides).
- Our Artists Member designated webpages offer resources for our Artists including the Drop Off and Pick Up Schedule, the current calendar, and your profile login.
- For updates about exhibitions and other gallery-related events and sign-ups be sure to check your email for Artist News! If you aren't receiving these emails, please contact gallery@nantucketarts.org.

Art Size Requirements

The Gallery looks its best when AAN represents art of all sizes. Please refer to the exhibition schedule for the number of works and size of art allowed to be submitted per exhibition.

Portfolio Submission Requirements - Unframed Works On Paper (formerly known as Bin Work)

Johnson Gallery Submissions:

Due to current size limitations at the Johnson Gallery we can only provide two bins to display unframed works on paper. All work will be restricted to original art work, no copies or fine art reproductions. You may submit two pieces at a time. We cannot promise to display both simultaneously so please indicate your first choice. The backup might be stored upstairs and will replace the sold piece. Please check your work in the bins periodically to make sure they look clean and neat. The gallery may remove your piece if not conforming. Please, pick up and sign out your pieces at the end of the season or when you leave as there could be construction or renovations in the off season. The AAN cannot be responsible for work that is left behind.

Acceptable mediums:

Watercolor, Limited Edition Photography, Oil, Acrylic, Pastel, Mixed Media, Colored Pencil, Graphite, Charcoal, Collage, and Gouache. Original Limited Edition Printmaking only (monoprints, etchings, woodcuts, etc.). No reproductions or prints of a painting.

Size, backing and protection:

Size: 18 x 24" maximum.

Backing: Unframed works on paper must have backing behind them for stability. Please no canvas boards. Your backing should not be too thick but sturdy enough to stand up to handling. We suggest you print and adhere a card that you place on the back of your piece that describes the medium, edition (if an original print a la etching), and any other information about yourself or your artwork.

Protection: Place in a clear archival art / photo sleeve.

Procedures for submitting:

You may submit 2 pieces and replace a sold piece when contacted. Submission will be via email, gallery@nantucketarts.org and may remain for the season but must be picked up no later than December 24, 2026.

Champion Gallery Submissions:

Guidelines for submitting Portfolio Works are the same as for the Johnson Gallery but we will also accept high quality reproductions on paper in addition to original artwork. Please number the edition and run and clearly mark that it is a fine art reproduction along with any other pertinent information you want to include, ie. type of paper, ink etc.

Photographing Your Work:

A mobile phone will take great photos. For websites and social media, your phone's regular camera setting works fine. If you'd like to have your work made into fine art reproductions and want to photograph it yourself, use the RAW setting on your phone's camera, which allows the lens to gather more information and thereby create the best reproduction possible.

Lighting:

- Before you remove each piece from your easel, take a photo of it right there. You already have the benefit of a stable base and good lighting!
- Position your light source directly above the easel, pointing down to eliminate shadows.
- Place your easel approximately 10 feet opposite a window or glass door. Your back will be towards the window when you take the picture. This will also allow light to evenly spill across the surface of your work.
- Photograph your work during the daytime, even though you are also lighting the work.
- You can also use just the easel placement for your lighting.
- If you feel that your photo is too dark when you study it on your screen, use the editing tools on your phone to increase the brightness or brilliance, up to but not more than 20%. While some edits are questionable, this one is not cheating!
- If you are photographing outside, avoid direct sunlight on your piece. High, slightly overcast conditions give the best results, or consider moving your easel to the edge of a shady area before photographing the work, to avoid glare.

Taking the photo:

- Stand directly in front of your work.
- Hold your phone or camera with both hands.
- Place your elbows firmly at your sides to minimize movement.
- Position your work as best you can so that the edges are even and the image is straight.
- You will fine tune in the cropping step so don't worry about getting it absolutely perfectly. It's more important to be still!
- Take a deep breath, exhale, hold still and snap the photo.
- Immediately crop the photo to remove any extraneous borders. Use the cropping tool to move each of the four edges to where you are only seeing the work.
- The cropping tool will also allow you to fine tune the straightening of the image.
- Most cropping tools also include a vertical and horizontal adjustment - this can be helpful if your image appears to be "leaning back" due to being on an easel. (Practice will also help eliminate this particular effect.)
- Remember to sign your work before you take the photo. If you are prone to forget, place a note near your easel to help remind you to sign before photographing.
